

Relationships Under Construction  
 is the best sex education curriculum I have  
 reviewed in years! It starts early and includes parents. RUC should  
 be taught in every school, church, and youth organization across  
 the country. This dynamic curriculum gets incredible results when  
 presented by passionate teachers, parents and youth leaders."

**Who We Are**

teaches youth the blueprint for strong future families.

Our program addresses character development, goal setting, how to recognize healthy and unhealthy relationships, and dating violence while exploring the issues of fatherhood, motherhood and healthy family formation.

RUC is a sexual risk avoidance curriculum. Consequences of early sexual activity including STI/STDs, teen pregnancies and emotional bonding, can negatively impact future relations. RUC helps teens understand why avoiding these risks is so important.

"This is absolutely the best way to help students realize the many consequences of pre-marital sexual activity. The students respond well to respect as fruits – not propagation!"
